Volunteer/Internship Information

This and all sections below are for volunteers and interns only. Please study our web site before filling out this section.

Please list your areas of interest (e.g., education, research, installation, organization development, advisor, developing your own project):

Please list your practical skills (e.g., web site design, database expertise, construction skills, teaching experience, solar installation experience, electronics proficiency, etc.):

Why do you want to work with Ji Duma? What do you want to get out of this experience and what do you envision being able to offer us?

International Volunteer/Intern Application

Describe how much time you have spent previously in Mali, Africa, or other French speaking countries:

List any additional languages you speak and your ability level. Also, if you wrote no or little French ability above, how do you plan to be more proficient by the time you begin your volunteer/internship work?

What are your favorite activities in your life right now?

What are things you do not like to do or find difficult to do?

If you hope to create your own project and believe you can find funding, what do you hope to do?

Check one or more. I would prefer to work with (actual placement depends on availability):
